REPORT OF SCHOOL BOARD.

During the past school year the School Board has endeavored to give our scholars the benefit of the best teachers, school supplies and schoolroom equipment that was obtainable.

Although not quite so long as usual, the past year of school has been a successful one.

We were obliged to run a larger number of schools than formerly, and also to provide conveyance for children living in outlying districts.

There being no school house in the Livermore Falls district, children were conveyed from there to Pulsifer Hill. During good weather conveyance was furnished only one way.

In the so-called Bump and Blaisdell districts they were conveyed to the Centre, making one good sized school. As most of these children were girls it was found absolutely necessary to convey.

The school houses in districts No. 1 and 10 have had new hard wood floors, up-to-date seats installed, and necessary repairs were made in other districts.

We wish to thank those who have helped to make the past year of school successful.

GEORGE D. PATTEE,
CLARA J. PULSIFER,

School Board.
